## MRS. MABEN WAS MADE WELL

By Lydia E. Pinkham's Vegetable Compound and Wants Other Suffering Women To Know It.

Murfreesboro, Tenn. — "I have wanted to write to you for a long time to tell you what your wonderful remedies have done for me. I was a sufferer from female weakness and displacement and I would have such tired, worn out feelings, sick headaches and dizzy spells. Doctors did me no good so I tried the Lydia E. Pinkham Remedies — Vegetable Compound and Sanative Wash. I am now well and strong and can do all my own work. I owe it all to Lydia E. Pinkham's Vegetable Compound and want other suffering women to know about it." — Mrs. D. B. Maben, 211 S. Spring St., Murfreesboro, Tenn.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

## Women Can Do Great Work by Helping Along the Go to Church Movement

It is up to the women to make the men GO TO CHURCH. It is unnecessary to say that women have a wonderful influence with men. It is not enough that a woman go to church. She should insist on her father, brother, husband or sweetheart attending divine service. And there is no denying that if the women will take an interest in the GO TO CHURCH movement it will be a wonderful help.

DOES ANY ONE DOUBT THAT THE YOUNG GIRL WHO HAS A SWEETHEART CAN INDUCE HER YOUNG MAN TO ATTEND CHURCH? IF SHE CAN'T PREVAIL ON HIM TO GO TO THE HOUSE OF GOD SHE SHOULD DROP HIM. HE WILL NOT MAKE A GOOD HUSBAND. IF THERE IS A GIRL WHO HAS A BROTHER WHO DOES NOT ATTEND CHURCH LET HER BEGIN RIGHT NOW TO START HIM ON THE RIGHT PATH. LET THE LOVING WIFE PLEAD WITH HER HUSBAND TO GO TO CHURCH WITH THE SAME PERVOR THAT SHE ASKS FOR AN EASTER BONNET. SHE GENERALLY GETS THE EASTER BONNET. IT WILL BE JUST AS EASY—PROBABLY A GREAT DEAL EASIER—TO GET HER HUSBAND TO GO TO CHURCH.

Men will not deny women anything. If some of the women of the country would put one-half the energy into the GO TO CHURCH movement that they do into other uplift work the churches wouldn't hold the crowds. The wife should tell her husband that when he was married he went to church; that when their child was born he went to church. Women can and must make the men GO TO CHURCH. The churches are the very life of the nation. If the attendance has fallen off it is due to carelessness. Men need but to be reminded and they will do their part. Make the men GO TO CHURCH next Sunday! Then make them go the following Sunday!

## "Is It a Boy or Girl?"

A baby's sex can be known upon a single drop of blood and before the child is born. Dr. FAHRNEY'S TEETHING SYRUP is a sure and safe method of knowing the sex of the child before birth. It is a great help to expectant mothers. They write of the wonderful relief, how it enables them to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such helps as "Mother's Friend" and the broader knowledge of them should have a helpful influence upon babies of the future. Science says that an infant derives its sense and builds its character from cutaneous impressions. And a tranquil mother certainly will transmit a more healthful influence than if she is extremely nervous from undue pain. This is what a host of women believe who use "Mother's Friend."

## Baby of Future is Considered

Much thought has been given in late years to the subject of maternity. In the cities there are maternity hospitals equipped with modern methods. But most women prefer their own homes and in the towns and villages must prefer them. And since this is true we know from the great many splendid letters written on the subject that our "Mother's Friend" is a great help to expectant mothers. They write of the wonderful relief, how it enables them to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such helps as "Mother's Friend" and the broader knowledge of them should have a helpful influence upon babies of the future. Science says that an infant derives its sense and builds its character from cutaneous impressions.
